# Bulldog Dart Paper Airplane

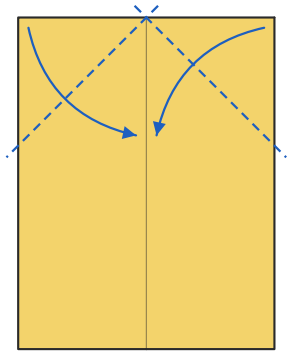

Step-by-step folding instructions

1

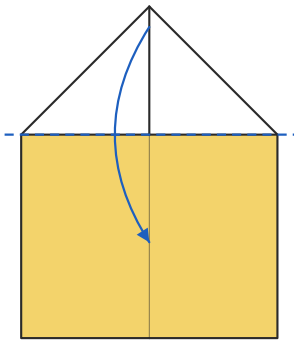

**1.** Use a sheet of printer paper. Fold it in half the long way, then unfold.

2

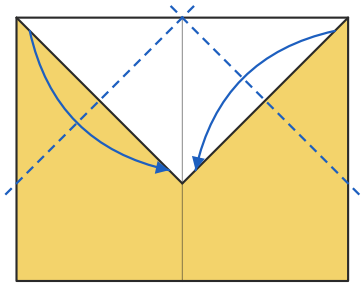

**2.** Fold the top corners in to the centre crease.

3

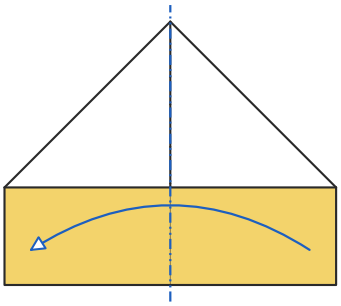

**3.** Fold the top point down along the bottom of the folded flaps.

4

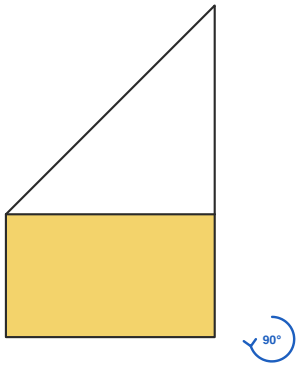

**4.** Fold the new top corners in to the centre crease.

5

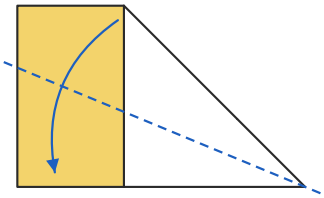

**5.** Fold the plane in half behind, along the centre crease.

6

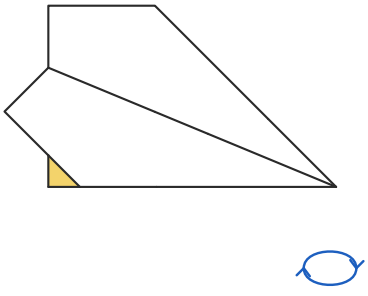

**6.** Turn the plane on its side, nose to the right.

7

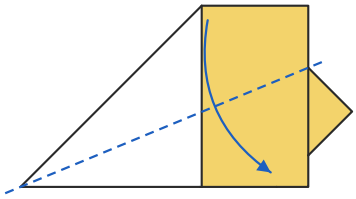

**7.** Fold the top layer down so its top edge meets the bottom edge. This is the first wing.

8

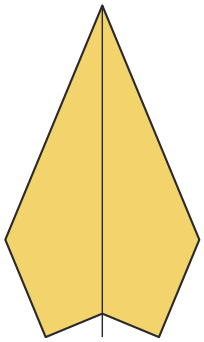

**8.** Turn the paper over.

9

**9.** Fold the second wing down the same way.

Seen from above, wings open

**Done.** Open the wings so they sit flat and level. The blunt nose makes it tough and steady.
