Classic Dart Paper Airplane

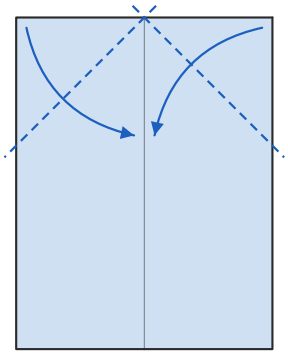

Step-by-step folding instructions

1

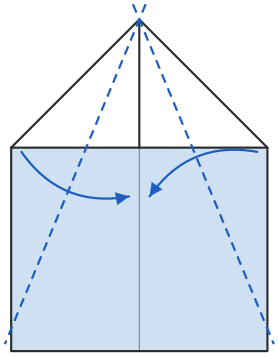

1. Use a sheet of printer paper. Fold it in half the long way, then unfold.

2

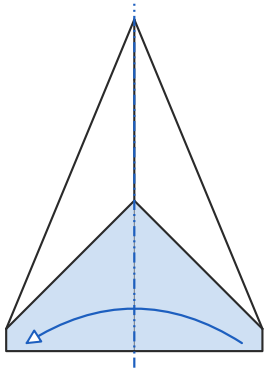

2. Fold the top corners in to the centre crease.

3

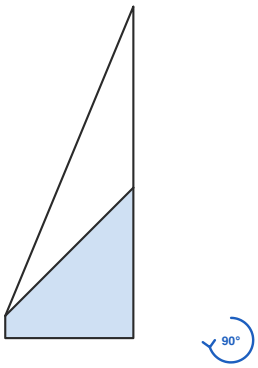

3. Fold the new slanted edges in to the centre crease again.

4

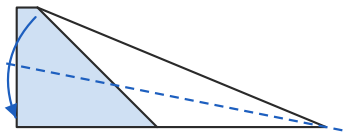

4. Fold the plane in half behind, along the centre crease.

5

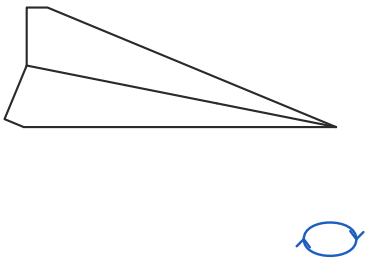

5. Turn the plane on its side, nose to the right.

6

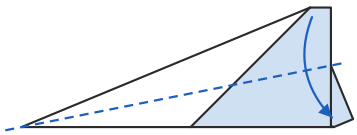

6. Fold the top layer down so its top edge meets the bottom edge. This is the first wing.

7

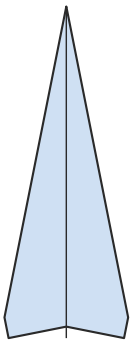

7. Turn the paper over.

8

8. Fold the second wing down the same way.

Seen from above, wings open

Done. Open the wings so they sit flat and level, then throw the plane gently forward.
