Origami Paper Boat

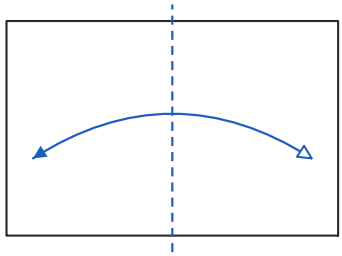

Step-by-step folding instructions

1

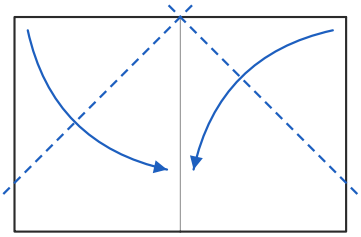

1. Use a sheet of printer paper. Fold it in half from top to bottom.

2

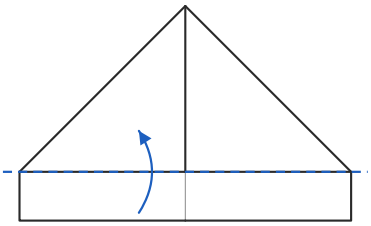

2. Fold in half from side to side, then unfold.

3

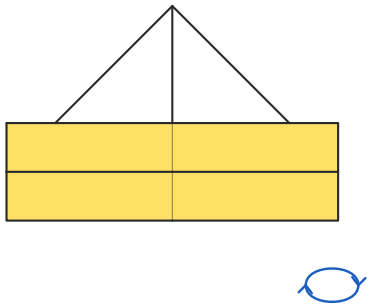

3. Fold the top corners down to the centre crease.

4

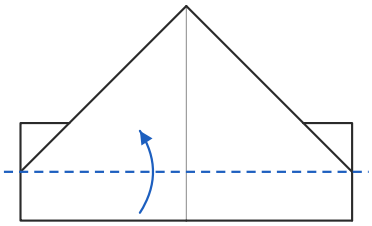

4. Fold the bottom strip of the top layer up over the triangle.

5

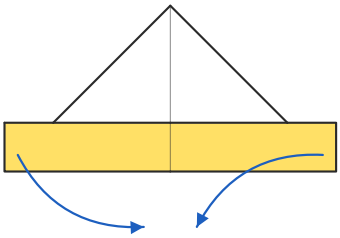

5. Turn the paper over.

6

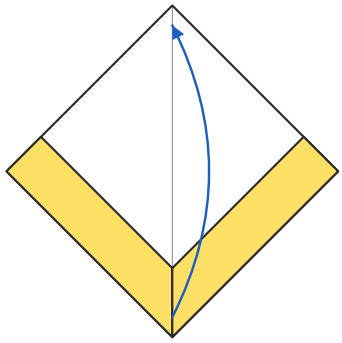

6. Fold the other strip up the same way. This is a paper hat.

7

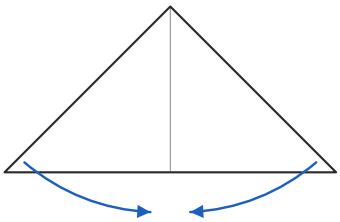

7. Open the hat from the bottom, bring the two ends together and flatten it into a diamond.

8

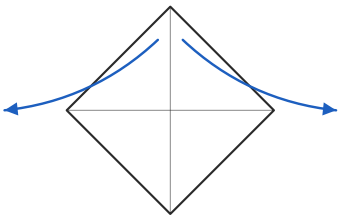

8. Fold the bottom point of the top layer up to the top. Turn over and do the same on the back.

9

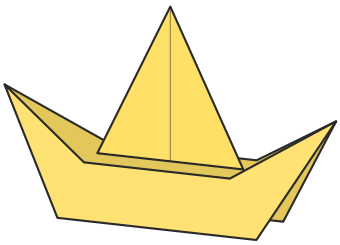

9. Open it from the bottom again and flatten it into a diamond.

10

10. Gently pull the two top points apart. The middle rises into a sail and the boat opens out.

Done. Your paper boat is done. Shape the bottom so it stands, then float it.
