Origami Flapping Bird

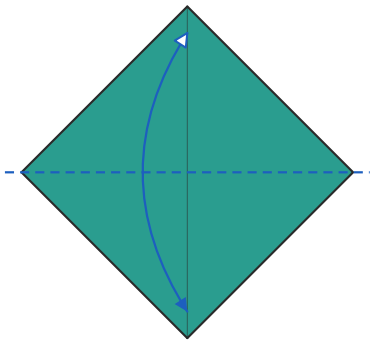

Step-by-step folding instructions

1

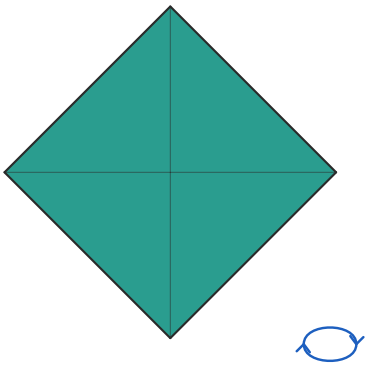

1. Start with the coloured side up. Fold in half corner to corner, then unfold.

2

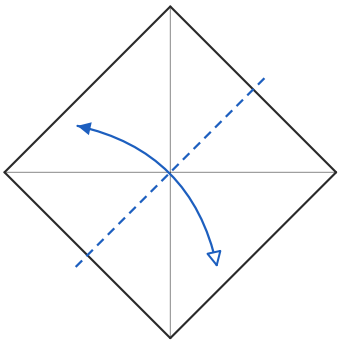

2. Fold in half along the other diagonal, then unfold.

3

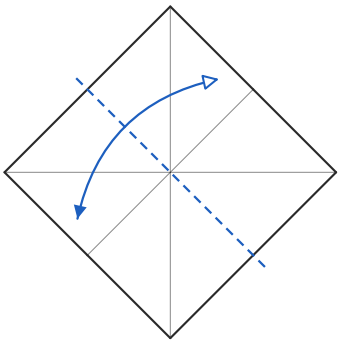

3. Turn the paper over.

4

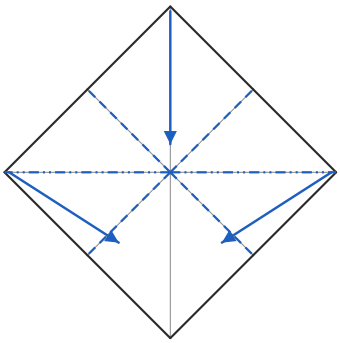

4. Fold in half edge to edge, then unfold.

5

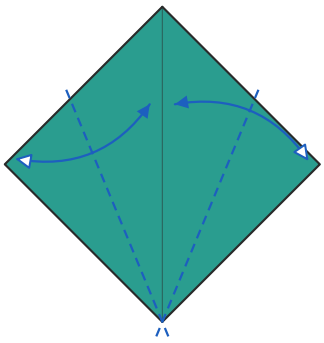

5. Fold in half the other way, then unfold.

6

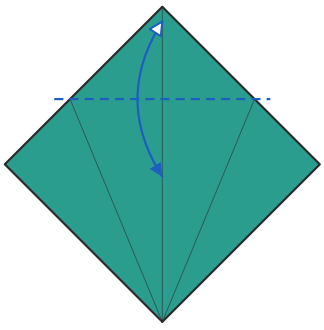

6. Bring the side corners down to the bottom corner and flatten into a square base.

7

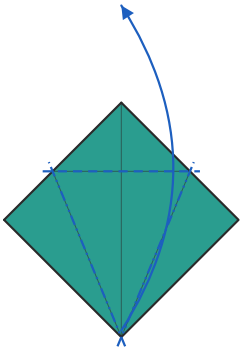

7. Fold the lower edges of the top layer to the centre line, then unfold.

8

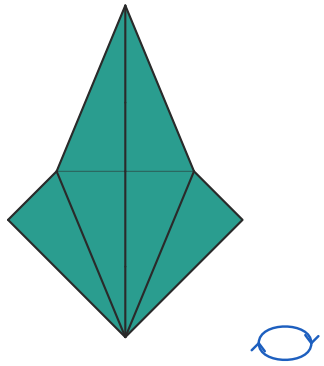

8. Fold the top triangle down along the ends of those creases, then unfold.

9

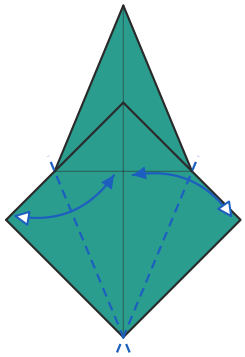

9. Lift the bottom point of the top layer up along the crease. The sides fold in along the creases you just made. This is a petal fold.

10

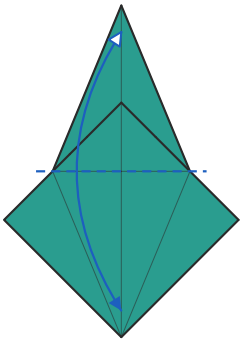

10. Turn the paper over.

11

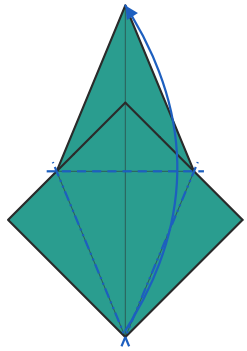

11. Fold the lower edges of the top layer to the centre line, then unfold.

12

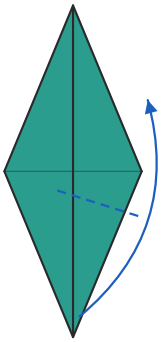

12. Fold the top triangle down along the ends of those creases, then unfold.

13

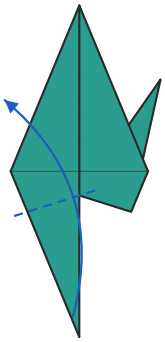

13. Lift the bottom point of the top layer up along the crease. The sides fold in along the creases you just made. This is a petal fold on this side too. This shape is the bird base.

14

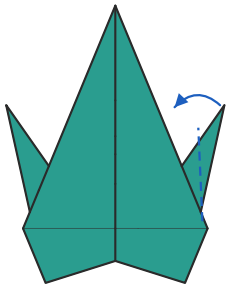

14. Inside reverse fold the right flap up between the layers. This is the neck.

15

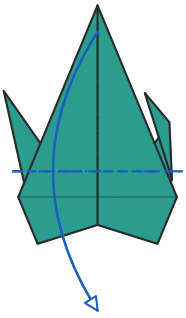

15. Inside reverse fold the left flap up the same way. This is the tail.

16

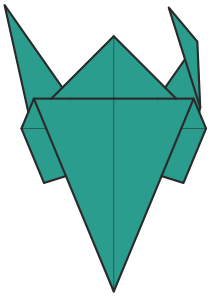

16. Inside reverse fold the tip of the neck down to make the head.

17

17. Fold the front wing down. Fold the back wing down behind.

Done. Lift the wings back up a little and curve them. Hold the base of the neck and gently pull the tail: the wings flap.
