Origami Jumping Frog

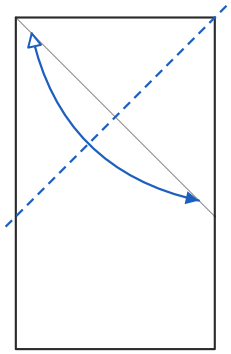

Step-by-step folding instructions

1

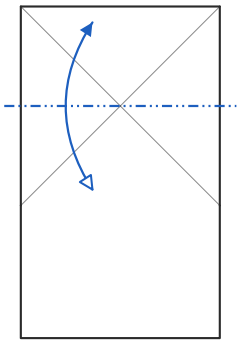

1. Use an index card or a 3 x 5 rectangle, coloured side down. Fold the top right corner down to the left edge, then unfold.

2

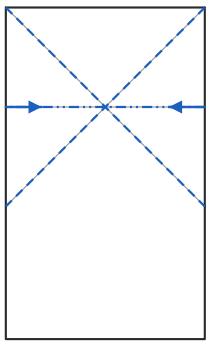

2. Fold the top left corner down to the right edge, then unfold.

3

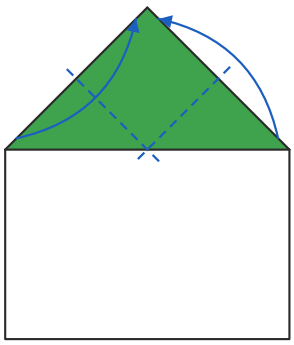

3. Fold the top behind along a line through the middle of the X, then unfold.

4

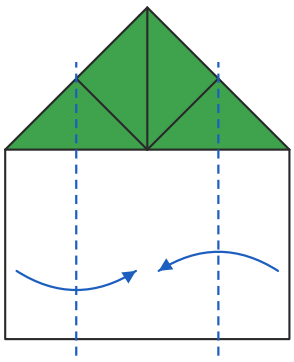

4. Push the sides in along the creases and flatten the top into a triangle.

5

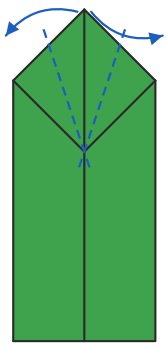

5. Fold the bottom corners of the top layer up to the top point. These are the front legs.

6

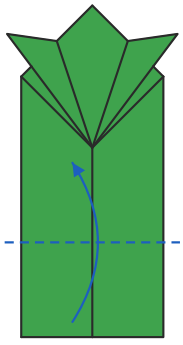

6. Fold the sides in to the centre, sliding them under the triangle.

7

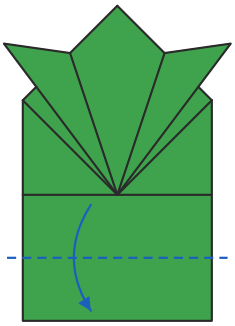

7. Fold the tips of the front legs outward.

8

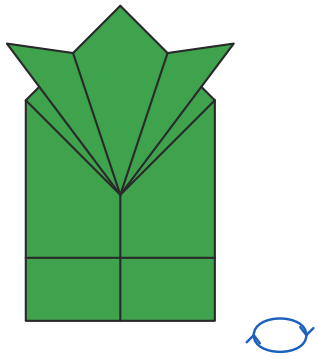

8. Fold the bottom edge up to the bottom of the triangle.

9

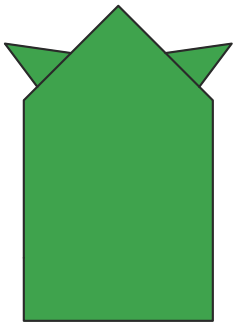

9. Fold the same flap back down in half. This makes the spring.

10

10. Turn the paper over.

Done. Your frog is ready. Press down on the back edge and slide your finger off to make it jump.
