Origami Ladybug

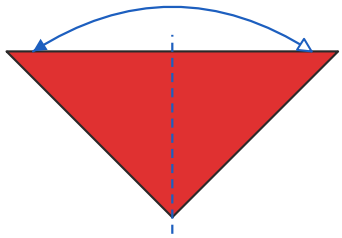

Step-by-step folding instructions

1

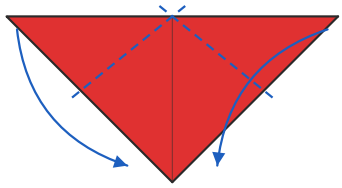

1. Start turned like a diamond. Fold the top corner down to the bottom corner.

2

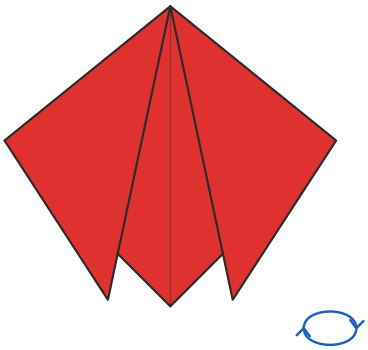

2. Fold in half from side to side, then unfold.

3

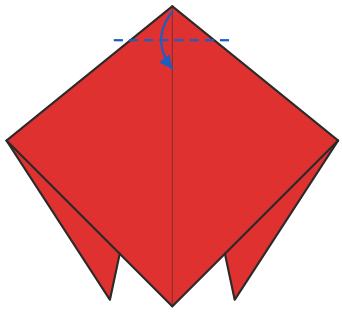

3. Fold the right and left corners down, so their points land just past the bottom point.

4

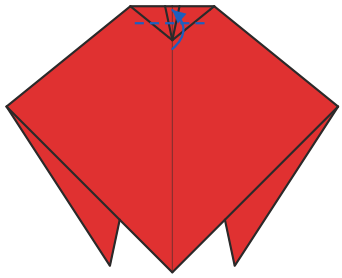

4. Turn the paper over.

5

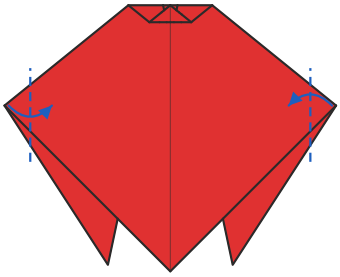

5. Fold the top point down a little.

6

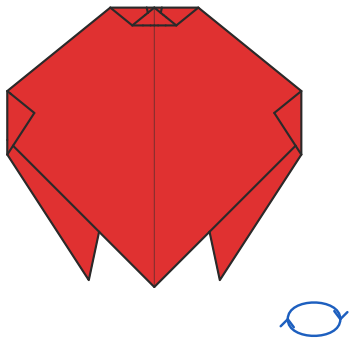

6. Fold the same point back up, a little lower. This makes the head.

7

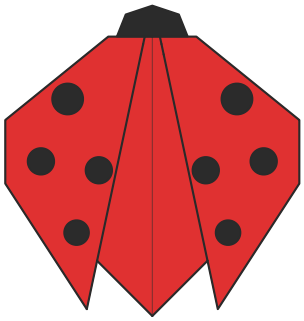

7. Fold the left and right corners in a little to round the body.

8

8. Turn the paper over.

Done. Draw the head black and add black spots on the wings. Your ladybug is done.
