Paper Popper

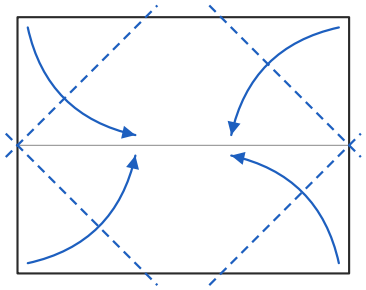

Step-by-step folding instructions

1

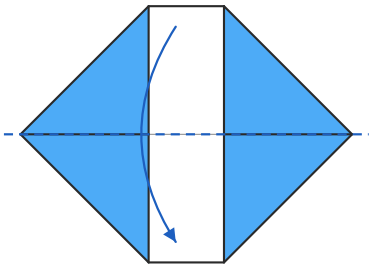

1. Hold a sheet of printer paper sideways. Fold it in half from top to bottom, then unfold.

2

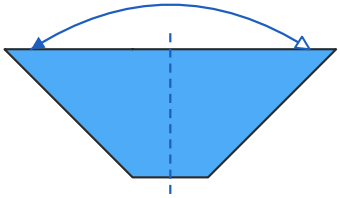

2. Fold all four corners in to the centre crease.

3

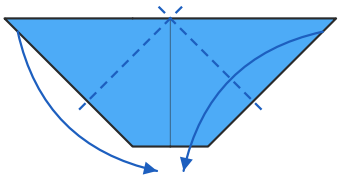

3. Fold the top half down onto the bottom half.

4

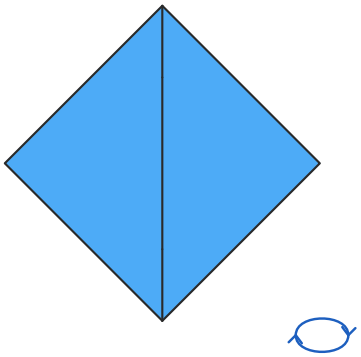

4. Fold in half from side to side, then unfold.

5

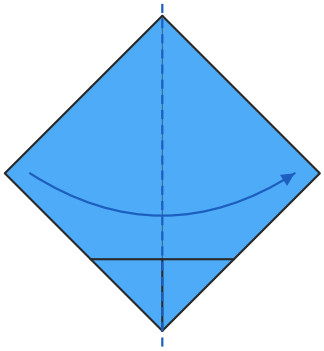

5. Fold the left and right ends down, so the top edge lines up with the centre crease.

6

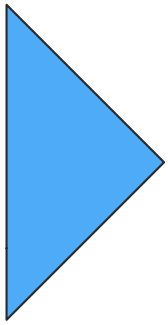

6. Turn the paper over.

7

7. Fold in half from left to right.

Done. Hold it by the bottom corner, raise it above your head and snap your arm down fast. A flap pops out with a bang. Push it back in to pop it again.
